

LAUNCHING THE LIFE-BOAT.

There are greater dangers than those of the angry sea. That dread disease—consumption, kills more men and women in a generation than the sea has swallowed up since the earliest history of navigation.

There is a sure and safe life-boat even ready to be launched for men and women who suffer from this merciless destroyer. It is Dr. Pierce's Golden Medical Discovery. It cures 95 per cent. of all cases of consumption, bronchitis, asthma, laryngitis, weak lungs, spitting of blood and throat and nasal troubles. It acts directly on the lungs, driving out all impurities and disease germs. It soothes and heals the mucous membranes of the lungs, bronchial tubes, throat and nasal cavities. It restores the lost appetite, makes digestion and assimilation perfect, invigorates the liver, and purifies and enriches the blood. It fills the blood with the life-giving elements of the food that build new and healthy tissues. It tears down, carries off and excretes the diseased and half dead tissues upon which the germs of consumption thrive. It checks the cough and facilitates expectoration until the lungs are thoroughly cleared. It is the great blood-maker and flesh-builder. Unlike cod liver oil, it does not build fatty flesh, but the firm, muscular tissues of health. It does not make corpulent people more corpulent. Thousands have testified to their cure under this great medicine after they were given up by the doctors, and all hope was gone. An honest dealer will not suggest some inferior substitute for the sake of a little extra selfish profit.

A man or woman who neglects constipation suffers from slow poisoning. Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic. All medicine dealers sell them. No other pills are "just as good."

The alarm of fire, Monday morning, put everybody on the move. It was a startling announcement, and the locomotive whistles and the fire bell sent a thrill over the entire town. The fire company responded quickly, and Charley Zimmermann's horses, now known as the equine of fire, pricked up their ears and started on the quick run to the fire company's rooms in the city hall, where the hose cart is kept. About a dozen young men filled the wagon, and with the hose cart attached the horses again darted on a brisk run. The scene of the conflagration was in the east part of the city, and was found at D. P. Ragland's residence. When the boys arrived on the scene the flames had been extinguished, but the boys found Mr. Ragland in an agitated condition of mind, and copious streams of perspiration flowed down his massive frame. It was the biggest move Daniel ever got upon himself, says his neighbor Pettillon, who witnessed the discomfiture of his friend from his back door. The fire company had learned that Mr. Ragland was exterminating the mites in his chicken coop, and he had put in a large bundle of hay, which, when fired, had made more blaze than his own had supposed would result; hence the fire alarm. But Mr. Ragland succeeded in extinguishing the flames with little help before the fire company arrived, and if Pettillon is to be believed he also succeeded in exterminating the chicken lice.

DIED.—Monday, at her home on Sawlog, Mrs. Erskine, wife of Jos. P. Erskine, age 45 years. Mrs. Erskine had been sick for more than a year past, and heart failure and stomach trouble probably hastened her death. The deceased leaves a husband and eight children, the oldest being 23 years of age. The sympathy of neighbors and friends is extended to the afflicted family.

While the camp meeting was in progress in Meade about two weeks ago, some one not having the fear of the Lord and the Methodists, stole 56 feet of the side canvas of the tent, and between the evangelists and the Meade Globe considerable feeling was stirred up. The Globe has a long article on the theft and the remarks made by Evangelists Ryder and Martin, but we forebear making comment. It is supposed that some campers stole the side canvas.

The question is how shall we assimilate the new population derived by the United States in the possession of the Philippine, Cuba and Porto Rico islands. The new field offered to the missionary, the schoolmaster and the artisan will develop their powers, and open the way to bringing the strange inhabitants into American ways. The problem is being solved by Dr. Crumrine, he having constructed, at his home, a house in the trees—a comfortable summer retreat—in imitation of the home of a tribe of people in the Philippines. The doctor is studying ethnology by analogy. That's about the way it will have to be done—we will exchange some of their methods for some of ours.

The trial of E. L. Stephenson for statutory rape, which was to have been heard before Justice Folsom, Monday afternoon, had to be again postponed. The case was called and the prosecuting witness, Martha Mallonee, was conveyed to the court room, but before she could be placed upon the witness stand she suffered an attack of convulsions, which she has been afflicted with as an effect following the horrible crime. In this spell in the court room, it took brawny men to hold her to keep her involuntary movements and contortions from injuring herself. At times her head and limbs would be drawn backward until her head touched her feet. It was horrible, and strong men were so overcome by the sight that they had to leave the room. And this spell was light compared to a number that she has had. The case was set for next Monday afternoon, when it may be possible for the girl to give in her testimony.—Garden City Imprint.

Dr. Sawyer's Arnica and Witch Hazel Salve heals and soothes inflamed skin, and is especially recommended to heal cuts, burns, bruises and sores. W. S. Amos.

Beggs' German Salve
is used in every house, writes one man from a country town. Entire neighborhood used it for Piles, Cuts, Burns and all skin diseases. The fame of its cures necessarily spread from town to town; friends tell friends what Beggs' German Salve has done, and the whole people acknowledge its merit, its healing qualities and its power of allaying pain. For sale by W. F. Pine.

Priceless Pain

"If a price can be placed on pain, 'Mother's Friend' is worth its weight in gold as an alleviator. My wife suffered more in ten minutes with either of her other two children than she did altogether with her last, having previously used four bottles of 'Mother's Friend.' It is a blessing to any one expecting to become a mother," says a customer.

Thus writes Henderson Dale, Druggist, of Carmi, Ill., to the Bradfield Regulator Company, of Atlanta, Ga., the proprietors and manufacturers of "Mother's Friend." This successful remedy is not one of the many internal medicines advertised to do unreasonable things, but a scientifically prepared liniment especially effective in adding strength and elasticity to those parts of woman's organism which bear the severest strains of childbirth. The liniment may be used at any and all times during pregnancy up to the very hour of confinement. The earlier it is begun, and the longer used, the more perfect will be the result, but it has been used during the last month only with great benefit and success.

It not only shortens labor and lessens the pain attending it, but greatly diminishes the danger to life of both mother and child, and leaves the mother in a condition more favorable to speedy recovery. "Mother's Friend" is sold by druggists at \$1.00, or sent by express on receipt of price.
